## EDUCATION

---

- **Trinity College Dublin** Sept. 2020 – May 2026  
*Masters in Computer Science M.C.S* *Grade: First Class Honours*
  - Awarded the Victor W. Graham Prize as a result of achieving the highest mark in the 1st year Maths Summer exam.
  - **Languages:** Java, SQL, R, C, C++, Assembly.

## EXPERIENCE

---

- **Microsoft** June – August 2024  
*Software Engineer Intern* *Dublin, Ireland*
  - Tasked with migrating a service (processes ~34 billion requests/day) from .NET6 to .NET8
  - After completion, my projected was project to save \$520,000 over the next 3 years.
  - Experienced extensive cross-team communication, as the products I was working on were not owned by my team.
  - Assisted in the organisation of a company-wide gaming tournament. Additionally, I was the MC for the event.
  - **Technologies:** C#, .NET Core, Service Fabric.
- **Five Guys Burgers & Fries** Dec. 2021 – Jan. 2024  
*Team Leader* *Dublin, Ireland*

A Team Leader is one step underneath a manager. When the manager is not around, I was the one in charge of running the kitchen.

  - Led the kitchen and delegated tasks to other crew members throughout service.
  - First point of contact for customer issues & complaints.
  - Worked 20 hours/week during University.

## PROJECTS

---

- **Film Recommendation Web App:** Full-stack project with a recommendation algorithm built entirely from scratch. Solo project during my studies. **Technologies: Python, React JS, Shell Script, Continuous Integration, Automated Testing.** Preview
- **Live Court Case Summarizer:** Collaborated in a 4-person team for the HackTrinity Weekend Hackathon. Awarded the MVP Bonus Prize. **Technologies: Python Flask, React JS.**
- **AI-Powered Multilingual Image Search:** Group project in University, partnering with Shutterstock. Chosen as the Team Leader of an 11-person team. Managed 3 sub-teams simultaneously, and was the main point of contact with our client in Shutterstock and the module demonstrators. Hands-on experience with the Agile methodology.
